9. ADDITIONAL INFORMATION

1. Lectures attendance is an indispensable element to acquire modern knowledge and at the same time is an element of examination questions. The attendance list is verified during the lectures and seminars. One justified absence is acceptable, however it has to be credited with the preparation of a written essay.
2. Coming late for class is generally not tolerated. Being late for over 15 minutes counts as an absence. Recurring shorter late-coming is a basis for additional work: an essay, a report or passing the material with a teacher (depending on missed material).
3. The Department of Health psychology runs the Psychological Students Science Club "Psyche" (in English) (contact information: magdalena.lazarewicz@wum.edu.pl).
